# MOTORS LINE CARD

#### **AC MOTORS**

- Induction
- Synchronous
- General Purpose
- Severe Duty
- Washdown Duty
- Explosion Proof
- Pump
- Air Handling/HVAC
- Farm Duty
- Brake
- Definite Purpose
- Unit Handling
- NEMA Frame
- IEC Frame (Metric)
- Variable Speed
- Three Phase
- Single Phase
- Inverter Vector Duty
- Premium Efficiency
- IEEE 841
- Crusher Duty
- Linear
- Hysteresis

#### **DC MOTORS**

- Brushless
- Brushed
- General Purpose
- IEC Standard
- Explosion Proof
- Permanent Magnet
- Shunt Wound
- Wound Field
- Washdown
- Low Voltage
- Compound
- Series
- Stepper

## **AC/DC GEARMOTORS**

- Right Angle
- Parallel Shaft

#### **MOUNTING OPTIONS**

- Foot/Footless
- Flange
- Face/C-Face

### **MOTOR ENCLOSURE TYPES**

- TEFC (Totally Enclosed Fan-Cooled)
- ODP (Open Drip-Proof)
- TENV (Totally Enclosed Non-Ventilated)
- TEAO (Totally Enclosed Air-Over)
- XP/XPRF (Explosion Proof)
- Open
- TEAO-BC (Totally Enclosed Air-Over, Blower-Cooled)
- DP (Drip Proof)
- OAO (Open Air-Over)
- EPNV/XPNV (Explosion Proof Non-Ventilated)
- TE (Totally Enclosed)
- OPSB (Open Slotted Band)
- TEBC (Totally Enclosed Blower-Cooled)
- XPFC (Explosion Proof Fan-Cooled)
- Waterproof (IP55)
- WDN (Washdown)

#### **MOTOR ACCESSORIES**

- Adjustable Bases
- Bases
- Drip Cover
- End Plate

Flange Kit

- Fan / Fan Covers
- Guards Brackets
- Seals
- Shafts
- Drives
- Brushes

## TOP BRANDS WE OFFER

If you don't see the brand or part you are looking for, please contact us. We have access to many other manufacturers and products.
