

# **LEADING THE WAY IN...**

- + Bearings & Power Transmission Distribution
- + Machining, Welding & Custom Fabrication
- + Industrial & Hydraulic Equipment Repair

#### Who is Adams-ISC?

Adams-ISC was formed in 2011 as a merger between Adams Machining & Welding in Rapid City and ISC Companies, an industrial parts distributor headquartered in Minneapolis. Both companies share a strong history of delivering customer-driven solutions in the industrial marketplace.

Adams Machining & Welding opened in 1982 with the vision of providing the best possible service to companies needing custom machining. ISC Companies—formerly known as Industrial Supply Company—was incorporated in 1939 with the determination to "Become the foremost distributor of power transmission equipment and factory supplies in the entire Midwest".

Together, we form Adams-ISC, committed to being the region's premier partner in delivering customerspecific solutions and fast customer service.

#### Adams-ISC Geography Served

- South Dakota
- Eastern Montana
- Western Nebraska
- Wyoming

#### **Partner With Us**

At Adams-ISC, we have the parts and service experience to help you keep your equipment running safely and efficiently. Our technicians are trained in mechanical and hydraulic systems and are always ready to respond to emergency break downs, planned maintenance, and machine upgrades at our shop or at your job site.

We can design, build, and implement complex solutions to real-world problems. Our machinists, technicians, and welders provide rapid, reliable, and quality workmanship from concept to completion and because we offer so many services under one roof, we specialize in large, multi-step projects that many shops aren't equipped for. We offer very competitive pricing and fast turnaround times.

- Zero-Max

## **Machine & Welding Shop**

While many machine shops look for production jobs, Adams-ISC is a job shop that focuses on machining specialty parts in small quantities for repair, replacement, or prototype purposes. Our experienced machinists are experts in determining what machines, which processes, and what materials will be most efficient to make your parts.

Job shop service has two main benefits—short lead times and precision work. From simple milled or turned parts to custom multi-operation machines, our goal is to help solve your toughest problems.

When your equipment breaks down and you need emergency service, contact the Adams-ISC Services team. We are here to help you get back to business, however is most convenient for you.

#### **Job Shop Services**

- One-off Manufacturing
- Precision Machining
- CNC Turning/Milling
- Parts Sourcing
- Repair of Worn Parts
- Replacement of **Obsolete Parts**
- Heavy Equipment Welding

- Horizontal Machining
