

# G SERIES

## OIL-INJECTED ROTARY SCREW AIR COMPRESSORS

G 2 - 7

G 7L - 15

G 15L - 22

G Series oil-injected rotary screw compressors are compact, flexible, and available in different versions depending on size: floor-mounted, tank-mounted, and with or without an integrated dryer.

### G 2 - 7 Compact & Efficient

- Compared to piston compressors, the G 2 - 7 is quieter, cleaner, and more economical to own, while working longer hours
- High-efficiency IE3 motor for 24/7 operation in temperatures up to 46 °C/115 °F
- The state-of-the-art rotary screw element minimizes energy use and operational costs
- Low-vibration belt system, extremely quiet

### G 7L - 15 Industry-Leading Performance

- Due to load/no load control, the compressor controller switches automatically to the optimal control mode for high, low, and intermittent air consumption
- Best-in-class performance, total reliability, and low power consumption

### G 15L - 22 Robust & Economical

- Reliable performance with a 100% continuous-duty cycle in ambient temperatures up to 46 °C/115 °F
- Extremely small footprint with possible placement against a wall or in a corner
- Available in multiple configurations
